Re: Compliance to Restriction of Use of Hazardous Substances (RoHS)

RJR Polymers, Inc is RoHS compliant per the RoHS Directive 2011/65/EU. The directive defines RoHS compliant as electrical and electronic assemblies and components that do not contain lead, mercury, cadmium, polybrominated biphenyls and polybrominated diphenyl ethers.

The table below references the SGS report numbers to the specific RJR material that makes up the ACP2 package and lid products. All materials were tested by SGS Laboratories. The reports include all materials for ACP2 epoxy, LCP, and lead frames. All of the materials used to build ACP2 package and lid products are free from hazardous substances as stated in the RoHS guidelines.

SGS Report Number	RJR Part Number	Description
3676172-CH02	RJ4MB-V2, RJ4MB-HT, (6104)	Epoxy
3731440-CH01	HTP1280	LCP - Sidewalls/Packages
3731440-CH02	HTP1335	LCP - Lids/Caps
KA_2014_41489A-04	NA	Bare Cu Lead Frame
KA_2014_41490A-05	SW1230-XX, SW0800-XX	Plated (Ni/Pd/Au) Lead Frame

RJR maintains documentation and reviews requirements on a yearly basis. Please let me know if I may be of further assistance.

Best regards,

Rick Luevanos
