Dear Mr. Bregante and Mr. Incomio,

Certificate of Registration - ISO 9001:2015

We have great pleasure enclosing your organization's Certificate of Registration *and congratulate your business on its achievement.*

As a supplementary service, your certification details will be entered in to various public portals, including our own, as well as the International Accreditation Forum's Certsearch database – www.iafcertsearch.org - to ensure your registration is widely advertised. Such website databases are known to be used by many companies, which have a policy of using certified suppliers and as such, these databases are a useful tool in the compilation of approved supplier listings. However, if you do not wish to have your details entered in to a website database, please notify us in writing within ten working days.

Should you wish to use the Certification Logo(s) for sales and marketing purposes, please obtain your free logo(s) via our portal – go to portal.ursholdings.net, then select Logo and Services from the menu bar, then click on Logo & Regulations.

Then insert your complete Certificate Number as per the example below, in the "field" provided:

Certificate Number Example: 01234/A/0001/UK/EN

The first surveillance visit has been planned for August 2026, at which time the auditor will be checking that your systems are being maintained (*please note it is a requirement of our accreditation standard that the first Surveillance visit must be conducted no later than 12 months from the original assessment visit*).

Finally, we trust that all is satisfactory, but should you require additional information, please do not hesitate to contact this office. Congratulations on achieving this award; we acknowledge the hard work that your organization has undertaken to obtain this certificate.

Yours sincerely

Operations
